The misplaced postcard

A complete small mystery from the Moonline Post. Paper and pencil are enough.

A postcard is waiting in the wrong tray. The night clerk left the route and a sorting ledger. Rebuild the three-stop route, find the tray word, then choose the correct card. All clues are on the next page. Solutions are on page 3: keep that page face down.

HOW TO PLAY

1. Use all three route rules.
2. Read one letter from each station's ledger row.
3. Match the result AND the pictured-postcard description.
4. Check the solution only when you are ready or want help.

MY TRAY WORD: _____ MY CARD NUMBER: _____

FREE MINI CASE / EVIDENCE

Three stops. One postcard.

You need every route rule, but no outside knowledge.

ROUTE RULES: Each station is visited once. PINE comes immediately before DOCK. ARCH is the final stop.

LEDGER RULE: Read column 1 of the first station, column 2 of the second, then column 3 of the third. Keep the letters in route order.

STATION	1	2	3
ARCH	A	E	L
PINE	O	D	N
DOCK	R	W	K

The misplaced postcard shows a BRIDGE. Choose the record matching both your tray word and that picture.

CARD	TRAY	PICTURE
11	OWW	BRIDGE
23	OWL	BRIDGE
38	OWL	BOAT
49	LOW	BRIDGE

Hints, answer and next case

Stop here until you have tried the puzzle.

HINT 1

ARCH is last, leaving the first two places for PINE and DOCK.

HINT 2

The route is PINE, DOCK, ARCH. Take PINE column 1, DOCK column 2, ARCH column 3.

ANSWER

The tray word is OWL: O from PINE, W from DOCK, L from ARCH. OWL + BRIDGE selects card 23. Card 38 has the right tray but the wrong picture.

THE POSTCARD

"To the bridge keeper: thank you for waiting until everyone was safely across." The clerk places card 23 in the OWL tray. The right words can finally reach the right person.

THE FULL CASE

The Midnight Parcel expands the night post into three independent desks, seven connected puzzle steps, a shared final manifest and a host guide with progressive hints. This mini case uses different answers and does not reveal the full game's solution.
